## NUMBER OF PLAYERS: 4

**MATERIALS:** One bingo board and 16 markers for each student (markers can be paper clips, coins, dried beans, or pieces of paper.)

**Object of the game:** To get Bingo. Four consecutive markers in any direction, vertical, horizontal, or diagonal.

**Procedure:** One student read the verbs from the grid. If a player's board has that item, he/she covers it with a marker.

**Continue to play until one or more players call out BINGO!**

The winner has to call back the verbs he/she has covered so the students can verify the answers.
